Our School Week

On Monday I was lucky enough to join Mr Latham and Miss Vickers accompanying our winning group of pupils from the recent enterprise competition to visit the Liver Building - now the administrative hub and offices of Everton. The children had been invited by Everton Football Club to present their ideas for the new stadium at Bramley Moore Dock to Colin Chong who is the new Stadium Development Director. The children delivered a flawless and professional presentation that impressed all of the Everton representatives. The children's ideas will now be taken forward as part of the public consultation process and it will be interesting to see if any are adopted. Throughout the project Everton have been great partners to work with. They have taken the children seriously and given them a platform to share their ideas. Well done Everton and well done to our wonderful pupils, they are a credit to Willow Tree.
